VQA

Established in 1990, BC VQA (British Columbia Vintner's Quality Alliance) is the appellation of origin and quality standard for British Columbia wine. BC VQA certified wines must meet standards with respect to their origin, vintage and varietals. These wines are assessed by a qualified tasting panel and must meet the criteria for quality characteristics before they can be designated as BC VQA. To put it simply, when you see BC VQA on a bottle, it is your ONLY guarantee that you're sipping a wine that is 100% grown and made in British Columbia.

Our founder, Harry McWatters helped establish the BC VQA – we honour his memory as we continue to produce and offer BC VQA wines at Time Family of Wines + OROLO Restaurant + Cocktail Bar
