WINEMAKING

This Cabernet Sauvignon is a labour of love, hand-sorted and destemmed, allowing for a slow fermentation that nurtures its essence. Daily pump-overs encourage the extraction of rich flavours, creating a tapestry of complexity. Following fermentation, the wine is softly pressed, revealing a refined and elegant profile where the structure beautifully intertwines with luscious fruit, balanced by delicate tannins. It then matures in French and American oak barrels (20% new), for 18 months, bestowing a harmonious infusion of opulent oak nuances.
